You agree not to use SinkOS to: - Upload, transmit, or store content that is illegal, harassing, hateful, or infringes on others’ rights - Attempt to gain unauthorized access to other users’ accounts, data, or private storage - Use Nexus AI to generate content that is illegal, harmful, or violates applicable AI usage policies (including those of underlying providers such as Google Gemini) - Send unsolicited messages, spam, or abusive communications via SinkOS Chat or Calls - Attempt to reverse-engineer, disrupt, overload, or interfere with the Service’s infrastructure - Perform penetration testing, vulnerability scanning, or other security testing against the Service without explicit written permission - Use automated tools (bots, scrapers) to access the Service without permission - Impersonate another person or misrepresent your affiliation with any person or entity

3. User Content

3.1 Ownership

You retain ownership of the content you create or upload, including photos (Camera/Gallery), messages (Chat), presentations (Slides), spreadsheets (Charts), and conversations with Nexus AI.

3.2 License to Operate the Service

By uploading or creating content, you grant SinkOS a limited license to store, process,

and transmit that content solely as necessary to provide the Service (e.g., storing your photos, syncing your chat messages, sending your Nexus prompts to the AI provider for processing).

3.3 Responsibility for Content

You are solely responsible for the content you upload or share through SinkOS. You must have the necessary rights to any content you upload, and you agree not to upload content that infringes on third-party intellectual property or privacy rights.

3.4 Public or Shared Content

Some current or future features may let you share content publicly or with other users (e.g., shared documents, public presentations). Content shared this way may be visible to other users depending on your settings. You are responsible for understanding the visibility of what you share.

4. AI Features (Nexus)

- Nexus AI is powered by third-party AI models (e.g., Google Gemini) and may occasionally produce inaccurate, incomplete, or inappropriate responses.
 - Your prompts and attachments may be processed by third-party AI providers solely to generate responses.
 - Do not rely on Nexus for critical, medical, legal, financial, or safety-related decisions.
 - Voice Mode and file attachment features process your speech/files to generate responses; by using these features, you consent to that processing as described in the Privacy Policy.
 - We may apply rate limits, spending caps, or fallback mechanisms to AI features (e.g., model switching) to maintain service availability.
-

5. Communication Features (Chat & Calls)

- SinkOS Chat and Calls allow you to communicate with other users who you've connected with (e.g., via friend requests).
 - Calls use peer-to-peer (WebRTC) connections; call quality and connectivity may depend on your network and device.
 - You are responsible for the content of your own messages and calls. SinkOS does not actively monitor private conversations but reserves the right to investigate reports of abuse or Terms violations.
 - We may retain metadata such as timestamps, delivery status, or connection logs for operational and security purposes.
-

6. Storage & Data Limits

- Storage for photos, documents, presentations, and attachments may be subject to reasonable limits to maintain Service performance.
 - Storage and syncing rely on third-party providers. We cannot guarantee their performance or availability.
 - We are not liable for data loss due to factors outside our control (e.g., third-party infrastructure outages), though we take reasonable steps to protect your data (see Privacy Policy, Section 4).
 - You are encouraged to keep independent backups of important content.
-

7. Service Availability & Changes

- SinkOS is an actively developed personal project. Features, modules, and functionality may change, be added, or be removed at any time without notice.
 - We do not guarantee uninterrupted or error-free operation of the Service.
 - We may suspend the Service temporarily for maintenance, updates, or unforeseen issues.
 - During the beta period, features may be unstable or subject to rapid change.
-

8. Disclaimer of Warranties

THE SERVICE IS PROVIDED “AS IS” AND “AS AVAILABLE,” WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT. SINKOS DOES NOT GUARANTEE THAT THE SERVICE WILL BE SECURE, ERROR-FREE, OR CONTINUOUSLY AVAILABLE.

9. Limitation of Liability

To the fullest extent permitted by law, SinkOS and its developer(s) shall not be liable for any indirect, incidental, special, consequential, or punitive damages, or any loss of data, arising from your use of, or inability to use, the Service.

10. Termination

- You may stop using SinkOS and delete your account at any time.
 - We reserve the right to suspend or terminate your account if you violate these Terms, engage in abusive behavior, or misuse the Service.
 - Upon termination, your right to use the Service ceases immediately; data retention/deletion following termination is handled as described in the Privacy Policy.
 - Some deleted data may persist temporarily in backups before being fully removed.
-
